| <input type="checkbox"/> | <input type="checkbox"/> | 8. Have you repeated any grade or withdrawn from school at any time since entering 7 <sup>th</sup> grade?          |

**Warning:** Participation in interscholastic athletics can be a dangerous activity involving multiple risks of injury. Such injuries can range from abrasions, bruises, and sprains to catastrophic injuries resulting in crippled condition, paralysis, brain damage, and even fatality. Severe injuries can impair a student’s ability to earn a living, to engage in social and recreational activities, and to generally enjoy life. Careful consideration should be given to the risks and dangers associated with interscholastic athletics before making the decision to participate.

The Northshore School District does not purchase insurance for coverage of student injury or accident. Private insurance protection is **strongly advised**. If desired, a student insurance plan is available through the school district. An application form may be obtained at the junior or senior high school main office. Parents/guardians are responsible for securing medical insurance coverage for their student and for any costs of medical treatment that may be incurred as a result of the student’s athletic participation.

Participation in interscholastic athletics is a privilege, which carries a corresponding responsibility for exemplary conduct. Student athletes are expected to abide by all school district rules, school rules, and athletic policies as published by the school and Northshore School District.

**We acknowledge that we have read and understand the above information and grant permission for student participation in interscholastic athletics. We also understand that presenting false information may result in the loss of athletic eligibility and forfeiture of team games.**
